## DRUCKERBESCHREIBUNG

Well-maintained and reliable 4-color offset press, ideal for high-quality commercial printing. Equipped with proven Heidelberg technology, ensuring consistent print quality, efficiency, and ease of operation. The machine features CP 2000 touch screen control, Axis Control system, and Alcolor Vario dampening for precise ink-water balance. Semi-automatic Autoplate system allows fast and efficient plate changes, while automatic washing devices for blankets, impression cylinders, and ink rollers reduce downtime and maintenance effort. Additional equipment includes Preset Plus feeder and multiple sheet detector, ensuring stable feeding and production reliability across a wide range of substrates. Condition: The machine is in good working condition and will be delivered fully cleaned, thoroughly inspected, and tested, ready for immediate production.
